Thus why should we mourn?

For the loved one who passed so peacefully out of our sight I like Paul the Apostle he testified this manner.

Resting here, I've fought a good fight.

With weakness all day and the victory was mine.

He entered the haven of rest, A place that never can lose which we can hold.

Resting here alone for the blessed R. E. P. R.

THE SCHOOLS

County Superintendent B. B. Williams conducted the chapel service on Monday of the previous week. The subject, "Seeing Little Things Small, and Large Things Big," was ably discussed, and accompanied with his characteristic humor.

The following people have been elected by the High Literary Society to represent it at the second year society literary contest.—The poets, Clarence North and Joseph Harris; essay, Fess Richardson; oration, William Kegan; and reader, Mabel Niles. The Ten Commandments, Edward H. French; Moore; essay, Marie Smith; oration, Mary Edwards; and reader, Maryrie Warren. The following have offered cash prizes of \$2.50 to the better speaker in a single contest.—The First National Bank, The Bank of Warrenton, The Methodist Drug Store and Mr. C. J. Richardson.

Rev. George P. Moore conducted the chapel service on Tuesday. His discourse, "The Importance of the Presence," was instructively discussed. His visit was greatly appreciated, as he was the first to visit our chapel service.

The high school will conduct again for the season of 1917-1918 the special entertainment course. The talent will be more plentiful than of the past season—four or five numbers will be tendered. Not all of the talent has been definitely divided upon, but will probably be "Baron of the Moorland," whose reputation extends far and wide. Leola Powers, the greatest reader in America, Margaret Stahl, the Chicago Court Singer, and the Metropolitan Grand Quartet. These talents represent the cream of such talent on the American platform. Hereafter the high school has conducted such courses, and as such things are of a literary nature, they will continue to be under the proper and appropriate management.

In connection with the regular high school the next year, a Junior High school will be formed of the people who compose the regular eighth grade pupils of the district or adjoining districts.

HILLSBORO SCHOOL NOTES

The last meetings of the Shakespeare and Browning Literary Societies have been exceptionally good. The Shakespeare Society gave a program based upon colonial life. It consisted of readings, pantomime, essays and minstrel. All was representation of the early history of our country.

The Browning Society gave a musical program which really out-classed our victrola. The program was carefully prepared and all who took part acquitted themselves well. The quartet composed of Guy Overholt, Lawrence, Warren and Dennis Darnell deserves especial praise. These boys rendered several numbers to the delight of the large audience.

Nash Bethanz, of the Colt Lecture Bureau, was with us Thursday night. His interpretation of the Huesner School Master is one of the best impersonations we have heard in a long time. The next number the Lyndee-Gordon Musical Company, appears March 28th.

The graded school is working on a program to be given March 30. The High School has begun practice on the "Captain of Plymouth," to be given about the middle of April.

A case attracting not a little attention was that of C. J. Richardson against Miss Lilhe Miligan, tried before the Board of Education of Edray District Saturday afternoon. The case grew out of the whipping and expelling from school for insubordination of a young son of C. J. Richardson and resulted in a decision of the Board upholding the teacher. Miss Miligan is the teacher of the seventh grade of the Marlinton school. After three whippings Mr. Richardson asked that his boy be whipped no more, and in case of further disobedience, that he be expelled. When this was done, he asked the board to dismiss the teacher on the grounds of cruelty and incompetency. After hearing much evidence, the Board decided in favor of the defendant.

Clyde Griffith, an employee of the West Virginia Pulp & Paper Company near Horton was killed last week. He was fireman on an engine and was engaged in oiling the cogs of the engine while the locomotive was moving and fell and was caught in the machinery.

A game of Association Football will be played at Marlinton Saturday at 2.30 p. m. between the Minersville Springs team and the home team. This is the last of a series of three games. American football is again becoming popular as a play well adapted to this climate and environment.

A large building belonging to W. L. Peetersenker and the Dr. Gardner building, in Thornwood, burned down Monday evening. The cause of the fire is unknown. Nearby property was also damaged. The loss is about \$2,500, with \$1500.

The Y. P. B. will meet Tuesday evening, March 27, at 7:30 o'clock at the home of Mrs. Clyde Moore.

Joseph H. Beverage, an old English sports enthusiast and now gone, the late three years and two months, was as quick as a grey hare. In fact, on Monday morning he fell so that he had killed the first snake of the season. It was a four foot black mamba. He got him near his home at the Giffins place on the bank of Shany Creek. Mr. Beverage walks the bank every three hours to Marston to check on him, and finds as strong as the wire and the seal as he had been engaged in the old time industry of man. According to the people this year being an expert snapper, he was confident he was in making a trophy. He says he has not quite yet, but had been like this trophy and he became pale, however, for twenty-five good thoughts in this but he has been able to make it a day. When he was in practice, Mr. Beverage a day was his record.

Misses Anna Wallace entertained at her elegant home at 1711 Fifth, at a tea which changed every Saturday. Guests were host for Misses Anna Wallace (hostess) Amy E. Hall, Margaret Larkin, Helen Kirk, Adeline M. Lindsay, Sam Smith, Helen Brown, Minnie Wallace. A specially planned dinner was served and Miss Wallace's charming style added much to the pleasure of the event. After dinner the party returned to the apartment, music and some of time was lost in lively conversation. Time had to leave after visiting each hospital.

By the way, it is noteworthy among men that can join the army. We have heard your fellow speak with doubts about joining the army who were so confident that they could not get in. An answer has been that they tried. Then we know of a case of a man, who was a perfect specimen physically, who failed because he could not read and write.

Reminders of respect from the Massachusetts Presbyterians Sunday school.

Our Heavenly Father, in his all-wise providence, has called from our Sunday School our faithful friend and teacher, Mrs. M. E. Longridge.

We bow in humble submission to his will, and sincerely say for the advancement of our Bible Union for which she prayed and worked.

We pray that we may emulate her faithfulness and constant interest, realizing however our great loss.

RIMEL

Mr. and Mrs. Charley Dean of Angus, were here Friday on their return from Colombia Sulphur, where they had been called by the death of Mrs. D's brother, William Wade. Mr. Wade was one of Greenbrier county's most prosperous farmers and will be greatly missed in the community where he lived. He was sick only a short time with grip, followed, we were informed by heart trouble. He was aged about forty-nine years.

Rev. J. W. Leggett left March 23. He left Mt. Grove with all claims paid in full, and over as follows: Preacher's salary \$152; conference claims, \$72; work on church, \$110; charity and other purposes, \$20; over pay, \$45.89 which was applied to the parsonage at Minnehaha Springs. We were sorry to see Mr. Leggett leave, and hope that he will be returned.

Z. S. Smith, of Marlinton, John Vesce, of Mooretown, and Ed Chestnut, of Boward, were callers at Rimel Sunday.

Now would be a good time to drain the water off the roads and dry up the mud holes.

John Trainer, who has been ill for sometime, is able to be up.

Mrs. Allen Eskins, of Mountain Grove, who has been sick all winter, was taken to the Marlinton Hospital, Monday for treatment.

ILLINOIS SCHOOLS

One of the most interesting school sessions of this year was the program rendered by the Fifth boys' Graded school Friday evening, March 20. The pupils from first to fifth grades participated in the session. The first and second grades with their "The Dolls' Shoe" in a way that pleased and interested everybody. The third and fourth grades dramatized the story, "Once White and Once Red." The characters were Billy Kuntz, Lawrence Warren, Lucy Edgar Reed, Donald Lavin, and Bernard McLaughlin. These young actors brought out the story with much skill. The fifth and sixth grades proved that these boys can work together in excellent time and order. The stories by Francis Davis and Milburn Curre were well told. The stories, "Just a Bit of Cloth," "The Merry Blacksmith," "Soldier Boy and Mad Cross Nurse," and "Punch" were rendered in a highly creditable way. The proceeds of the entertainment, \$25.10, went to the Graded School Library.

Both the Browning and Shaker parents' Literary Societies have given good programs recently. The Browning program last Friday evening has some excellent features. The two societies plan to have a joint program sometime before the close of school.

The Shawmut Male Quartet will appear in the Auditorium Theatre evening April 12. This is a group of Boston singers who are highly recommended by the Chautauque Bureau. The most of their program is masculine singing but there are solo, duets and other songs. A short play is an interesting diversion.

The pupils of the High School will present "The Captain of Fire month," Saturday evening April 14. This is a comic opera founded on Longfellow's poem, "The Courtship of Miles Standish. It portrays the love story of John Alden and Priscilla and includes the inevitable meeting Captain Miles Standish. Admission, 25c. Tickets may be had at post-office after Wednesday.

The Sparks show last out of
 their stable and most valued em-
 ployees by death with heart.

James Jacobs, the stable boy,
 who had been with the show com-
 pany for ten years, was walking
 up Camden Avenue talking to a
 cheerful man in a W. L. Dan-
 ing, city recorder, and when they
 had reached a point near the resi-
 dence of County Superintendent
 of free schools, S. B. Williams,
 Mr. Jacobs sank against the fence
 and expired.

He was a man of about sixty-
 five years of age and had been in
 the show business for twenty-seven
 years. He was noted for his ro-
 bust health. With him company
 at the time were his two sons,
 one of whom will succeed to his
 place in the company.

The remains were shipped to
 Fort Wayne, Indiana, the home
 of the deceased.

The members of the company
 speak in the highest terms of the
 dead man, and regard him as a
 good friend and valuable man.

Miss Sadie E. Duncan, State
 Home Demonstrating agent, was
 in this county April 23rd and 24th
 doing work among the negroes
 men and girls of the county. A
 meeting was held at the church in
 the Brook at which a Woman's
 Farm Club was organized with a
 membership of 25. County Clerk
 S. B. Williams was present and
 gave some very helpful advice. A
 meeting was held at Barbours on
 the 25th and a club organized with
 an enrollment of 15 members.
 Each member is pledged to raise
 as much food stuff as he can and
 to try to raise more than he uses.

Sometimes about the beginning
 of the coming season the State
 Agents will give among democ-
 ratic men so that the club members
 may learn the best methods of
 raising fruits and vegetables.

The first spring demonstration
 given in the state for the benefit
 of negroes was given last year at
 Barbours where the first club of
 negro girls was organized that
 completed a year's work. This
 club was organized by J. E. Brown,

 more and better methods.

OAK HILL STOCK FARM

Squire Aaron A. Sharp has given the name of Oak Hill Farm to his farm near Frost. This most appropriate as the outstanding feature of the place is a rounded-like hill with a large oak at its base. Every land owner should evidence enough pride in his farm to give it a name. Squire Sharp has recently bought a thoroughbred, registered Shorthorn bull calf. The animal in the other day, and proved to be a very fine one. It was purchased from D. J. Owen, of Cumberland, Ohio. The Squire contemplates buying a few registered heifers, and in this event will go into the business of raising registered Shorthorn cattle. It will then be Oak Hill Stock Farm, A. A. Sharp, Proprietor, breeder of thoroughbred Shorthorn Cattle and Brown Leghorn Chickens. This is the kind of enterprise that counts. It means an increase of Mr. Sharp's income, and to the county as a whole is a step toward more and better cattle.

EDRYS DISTRICT HIGH SCHOOL

The contest between the Terrymore-Hiler Literary Societies was a very creditable one. The debate was discussed by Clarence Smith and Joseph Barnes, affirmative, and Pearl Carter and Kent Kania, negative. The arguments of each speaker was good, but the reasoning evidenced in Joseph's remarks and the excellent delivery of Pearl Carter's debate elicited considerable comment from the audience. The affirmative received the prize of \$2.50 gold piece, which was donated by the First National Bank and the Bank of Marlinton respectively.

The essays rendered by Marie Smith and Miss Richardson were pleasantly presented. The former receiving the prize, which had been donated by S. H. Wallace and Company.

The orations were the next to a list of any of the members. Both Mary Kibridge and William Kania (receiving splendid thought in a polished manner. The former received the prize given by Mr. C. J. Richardson.

The read interpreted by French Moore and Mabel Dilling were picturesque stories. The latter which was well portrayed on June 1, which received the prize given by the Woman's Literary Club.

The commencement sermon was delivered to the senior class by Dr. C. E. Bishop. His discourse was profoundly able and inspiring.

The operetta "The First Piper of Hannibal" was given with all members of the High participating in the casts. The leading role was played by Frank McLaughlin, who acted the part of the First Piper. The cast stories was very attractive and the most humorous part of the program. The singing of the Flower Girls was excellent and this scene was very pretty.

The senior class was addressed by Hon. H. H. Hoover. His subject was "The Use of Time." His message was very practical and timely. The class consisted of two members, Georgia Pearl Carter and William Duncock Kania.

Mr. George A. C. Anderson presented the diploma. This ended the season of 1917-18.

The term of 1917-18 will open on Monday, September the third in the new Edris District High School Building. Let every pupil both of the high school and the junior high be present at the very beginning. Make your plans early so that their execution will be easy.

The following is the corps of teachers: Mr. H. Paul Lewis, the assistant county agent, will teach agriculture, manual training and military tactics. He has been educated in the West Virginia University and his preparation for the teaching of science is both rich and thorough.

Miss Virginia Guzman will teach cooking, sewing and Latin. For two years she has been student assistant in the Department Home Economics in West Virginia University. She comes highly recommended. Both of them will receive their degrees from the State University on June 15th.

Miss George Smith is a Bachelor of Arts 1914, a Bachelor of Pedagogy 1915, and a Master of Arts 1917 all of West Virginia University College. Her work will be German, French, mathematics.

Training camps for medical officers will be opened on June 15 at Fort Benjamin Harrison, Ind., Fort Riley, Kansas, and Fort Oglethorpe, Ga. About 5,000 men who have been recommended for commissions will be distributed between these three stations, where they will receive three months' instruction in both medical and military subjects. It is learned that efforts will be made to secure at least 20,000 medical officers for the forces already contemplated.—Army and Navy Journal.

The Edris District Sunday school Convention will be held at Mary Gibson Chapel on Elk, Saturday, June 23, 1917.

THE DRAFT

THE QUOTA TO BE DRAWN BY CENSUS

Sheriff William Gibson has received a telegram from the Governor that the soldiers will be drawn by the counties and the quota for each county will be based on the estimate of the population of each county according to the estimate made by the bureau of the census, and not according to the registration.

It is therefore a matter of prime importance to the registered men to see that there is a full registration of the men of the ages which are subject to compulsory military duty.

The period of clemency has now passed and the sheriff is directed to arrest every person of registration age who has not performed this duty, and to report to the war department at Charleston. Major Geo. S. Wallace in charge.

Each registrar is required to report the name of any delinquent.

Persons who have failed to register and who register promptly may be released on their own recognizance.

All officers of the county and the municipal police are required to aid in the enforcement of the law.

MAE HOWARD WILEY

On June 23, 1917, in the cemetery at Monterey we laid the body of our brother James Howard Wiley to rest.

He was a young man in the prime of youthful strength when he was suddenly cut down by the grim reaper. The news of his death came as a crushing blow to his parents and loved ones and friends.

The funeral services were held in the Thompson Methodist Church by the writer on Sunday June 24th, and on the following day the body was taken to Monterey where it was interred.

The pall bearers at Thompson were F. Whitmore, Floyd Whitmore, L. E. Flower, David Whitmore, B. B. Beard, O. A. Collins, C. E. Curry, and J. H. Poshon. At Monterey they were John Gillespie, H. B. Woods, E. H. Whitmore, Byron Devereux, J. C. MacLennan and Paul Mason.

Everyone who knew the kind spirit and attractive disposition of Mr. Wiley joins with much sympathy in the sorrow that his unexpected death brought upon his parents, his wife and children, the brothers and sisters and all his relatives and friends.

AHLONTAS COUNTY WES

GERMAN SUSPECT IN JAIL

A man giving the name of Morgan L. Howser (or Houser) was arrested by Sheriff G. E. Hare last Monday morning near Willow Bend, says the Watchman. Mr. E. L. Stirns of Zenith, says that Howser tried to sell him court plaster, and others found the man's behavior so peculiar that they grew uneasy and asked for his arrest. The sheriff could find no court plaster on the person of his prisoner, but he did find a number of new watches, combs, collar buttons, needles, and knives which Houser was selling from house to house. If he had court plaster (just now under the ban of the government because many specimens have been found infected with the germs of tetanus,) he was smart enough to destroy or hide it ere the officer made his search. Howser had a hearing before Justice J. T. Miller at Union, who fined him \$20 and sentenced him to jail for ten days for peddling without a license. The prisoner, questioned closely by Prosecuting Attorney LaFon, said he was from Puchontas county and had been at Durbin for some time, and also at Beckley Raleigh county, but could not or would not name a single person who knew him in either county. He declined to say where he was born. Howser talks with a German tongue and has plenty of shrewdness. His money he carried in his shoes. The man refused to pay his fine.

GOLDEN GOING OUT OF BUSINESS

A. S. Overholt & Son have leased Paul Golden's store, to be given possession of as soon as possible. This means the closing out of his large stock immediately.

Mr. Golden is the pioneer merchant of Marlinton and has made a great success in business. Other interests now demand his attention, and he must close out his store.

Out of the 296 men called for examination in Pocahontas, the Local board found 123 eligible for military service. There remain 23 to make up our quota. 43 did not claim exemption.

Harry H. Stonelcipher was killed while at work on the big mill at Wintburn last Thursday evening. He was on the conveyor which takes saws and other things to the burner, and a load of slabs was dumped on him. He was killed instantly, and his body was being carried to the burner with the wood when another employee happened to see it and stopped the endless chain arrangement. Stonelcipher was 42 years old and leaves a wife but no children. His body was taken to Mill Creek for burial. He was a native of Grant county.

John A. W. McLaughlin was seriously injured by a large pile of tim falling on him at Deer Creek last Friday evening. He and others had been loading ties and had taken them from the bottom of the pile. The heavy oak tie fell over on him. Both legs were broken and he was otherwise injured. He was carried to the Marlinton Hospital where it was found necessary to amputate one limb. McLaughlin is about 34 years old. His wife died about six weeks ago.

EDRAY DISTRICT HIGH SCHOOL.

Edray District High School will open for its annual work on September 10th at 8:30 a. m. in its new home. The new building will facilitate the work greatly. The wings were ordered in sufficient time for them to arrive before the opening of school.

Let every pupil enter school at the beginning of school. Remember that all pupils missing less than three days or making less than three tardy marks will be exempted from the final examinations at the end of each semester.

Miss Virginia Gieseman, of Townsend, Delaware, arrived this week to attend institute. She will teach home economics and mathematics.

Mr. Lowry the English, Grade and Manual training teacher, graduated with high honors from Shepherds College in last June.

Miss Shugron, teacher of music and art, spent the summer at West Virginia University taking work in her subjects and education.

CONCLUSIONS

The rest of the report had a similar feel, but the hole for most of the week, and the crop will not be large. The heaviest crop is the—looking out to the day before the—was expected. Wheat and oats are also there.

First W. F. Hamlet, of Bristol W. Va., principal of the Cleveland District High School, was here last week convincing the district and the Be. mammals district for High school pupils, and he was very successful in getting a large number who will be sent to attend with other mammals and are supporting 100 dollars. Some eggs for postage for others may wish to attend.

The High school at this place is reported to be on Millers, between the 21st and 22nd streets and on the south side of the Mill.

■ The Greenbank District Board, which was set up at this place on May 1968, has been working for the last 12 years. It was not generally known of even a year ago. It is still unknown.

Mr. Louis Hebert and daughter of Barre were guests of J. H. Carr at the last supper.

The delegates, appointed by Greenback leaders, voted in the annual convention at Madison Jan. 21. Warwick and J. H. Carter also were elected officers.

FROM A SOLDIER BOY

A. C. CLEMMON, OF BATTERY D 33
REGIMENT, P. A. WRITES FROM
CHAP LEE, VA.

Thinking perhaps the boys from
Poughkeepsie who are to be future sol-
diers of Camp Lee might be interest-
ed to know a little about their future
home, I take this opportunity to
give them some little idea of what
they may expect when they reach
here.

Camp Lee is a pretty good sized
town. It is built in the shape of a
horse shoe and is about twelve miles
long, measuring from toe to toe of
the horseshoe. The barracks are two
story buildings and are built to ac-
commodate about two hundred men.
Each man has a cot as well as his own
mess kit; each fellow having to do
his own dish washing as well as
washing his wearing apparel.

The Field Artillery, which all of
the boys here so far are members,
consists of two and three inch guns
drawn by from four to eight horses.
It is for the most part a mounted
service and while there is lots of hard
work connected with it, it is consid-
erably one of the most interesting
branches of the service. The arti-
llerymen will not have any trench
work as they will be located behind
the front line trenches. They will
not have any rifles but each will be
equipped with a 45 caliber Colt revo-
lver. The artillery is made up of
Batteries which corresponds to a
company of Infantry; each Battery
consists of 100 men and 100 horses.
The horses have not arrived yet and
will not be in for some time.

It is hardly possible that the in-
coming boys will get their uniforms
for a week or more after arriving
here, so it would be well for them to
bring some work clothes. A suit
case is purchasable and one can bring
almost anything they want as long
as they can get it in a suit case.

Would be glad to hear from any
one as letters are very much prized
after being away from home a short
time.

AT MARLINTON DECEMBER 10

METIE JANE DUNAWAY.

On Monday evening there are many, but there is but one Miss Dunaway. While others declared the fact that there was nothing new about the man, Miss Dunaway acted and really put forward a performance to-day and to-morrow, and some of the local people thought there was the old girl. With the aid of an orchestra Miss Dunaway made a few changes of costumes and in a modest composition in part, each day as "Don't Talk Back," and "The Duke of the Desert."

She is of fine shape, good looking, and with a reputation of a singer, will perform the average composition of all in some degree by comparison. Miss Dunaway makes a few platform games, and some people will, however, not consider her sufficient to fill the audience to capacity. Her program on the Lyceum platform includes a series of songs, and one of the best of the Lyceum's greatest artists.

MARLINTON NEWS They Can Pick a Man for Mayor When a Reader

This Marlinton citizen has sent Frank Kliney this:

"We have found there is a great deal of wisdom for neighbors to have the right to pick a man for mayor. We need to look further for a good thing, really."

The good of man is to be seen and to be remembered.

Point to the statement of Mrs. A. B. Kliney, York Ave., who says:

"I have read Frank's Kliney this in the past. I put them all in mind in the past, and they were all good things to me. If the citizens of Marlinton could pick a man and a woman to be mayor."

When about all desires, it is the best one. It is a good thing to have a man and a woman to be mayor.

Let's pick a man and a woman to be mayor.

Let's pick a man and a woman to be mayor.

Let's pick a man and a woman to be mayor.

FOUND ON THE BATTLEFIELD

The following beautiful composition was captured during the war. It was printed on very heavy card, July 4, 1921. This copy was taken from the original, and was picked up by A. P. Green, of Ashura, Ind., in Cortland, Miss., the morning the Confederate army evacuated it, May 20, 1962. True to the Merry Band or souls both gather.

To do our duty unto Thee, **OUR FATHER,**
To whom all praise, all honor should
be given.

For Thou art the Great God, **WHO ART IN HEAVEN,**
Thou, by Thy wisdom, rulest the
world's wide fane.

Forever, therefore, **HALLOWED BE THY NAME.**
Let evermore collapse divide us from
Thy glorious grace, but **THY KINGDOM COME**
But let Thy commands opposed be by
none.

But Thy good pleasure and **THY WILL BE DONE**
And let our promptness to obey be even
The very same **ON EARTH, AS THY IN HEAVEN.**
Then, for our souls, O Lord, we also
pray.

Thou wouldst be pleased to **GIVE US THIS DAY**
The food of life, wherewith our souls
are fed.

Sufficient raiment and **OUR DAILY BREAD,**
With every needful thing do Thou re-
lieve us.

And of Thy mercy, pity **AND FORGIVE US**
All our misdeeds, for Him, whom Thou
dost please.

To make us offering for **OUR TRESPASSES,**
And, forasmuch, O Lord, as we believe
That Thou wilt pardon us **AS WE FORGIVE**
Let that love teach, wherewith Thou
rejoicest us.

To pardon all **THOSE WHO TRESPASS AGAINST**
And through sometimes, Thou dost **US.**
we have sinned.

Thou love for Thou, yet help, **AND LEAD US NOT**
Though soul or body want, to desper-
ation.

Nor let earth's gate drive us **INTO TEMPTATION,**
Let not the soul of any true believer
Fall in the time of trial, **BUT DELIVER**
Us, save them from the malice of the
devil.

And, both to life and death, keep, **US FROM EVIL,**
Thou pray we, Lord, for that of Thee.
From whom

This may be had **FOR THINE IS THE KINGDOM.**
This world is of Thy work, its won-
drous story

To Thee belongs **THE POWER AND THE GLORY.**
And all Thy wondrous works have
ended never.

But will remain forever and **FOREVER.**
Thus, we poor creatures would con-
fess again,

And thus would say eternally, **AMEN.**

ANNOUNCEMENT

It has been more than 10 years since I offered my service as surveyor to the people; and, since then, my terms have been \$5.00 and expenses per day. But, owing to conditions, the amount is not sufficient, and I claim a right to increase the price; and I have decided that beginning with the first day of January, 1918, I will make my price \$6.00 and expenses per day; and I have decided further that if I do not get enough work at that price that I will join the government with an engineer corps. I have a desire to continue to serve the same little circle of people I have so long been serving. Although, in event of insufficient support in that circle, my thoughts are being directed toward doing a "bit" in the service of the people of the entire country.

Through my past experience in this life I have served under 8 surveyors of Pocahontas County, West Virginia; and from each and all of them, I have received manly, honest treatment; and, here expressed, I heartily thank them. Another thought sets forth the people who have furnished me work, and I gladly say that I feel a warm thankfulness to them. One more thought brings forth the images of all classes who have befriended me; and with Heaven-born gratitude I thank you all, and desire an increase of God's favors unto you.

Having placed conditions before you, I remain, your servant,

IRA H. IRVINE.

IN MEMORY

Mrs. Lauretta J. Moore, wife of the late W. J. Moore, was born November 25, 1837. Departed this life December 1, 1917, in the 80th year of her age, she being the last member of the family of Charles Grooms. Early in life she was converted and united with the M. E. church where she remained a consistent member of the church militant until God called her to the church triumphant. Not lost but only loaned to God and Heaven, there to abide and await their coming.

The greatest of this life is to be ready when death comes so that we can meet it with a sweet composure and resignation, that is the best evidence of unshaking faith such as the triumphant of when living.

She was buried in the Mt. Zion cemetery where her husband, one child, parents, brothers and sisters were buried. She was the mother of nine children, eight of whom are living. She had not been able to attend church for some years, yet she was devoted to the church and always advised her children for good. When the writer spoke to her of death, she said death was no terror, she was only waiting to join loved ones on the other side. She will be greatly missed in the church and community, and especially in the home. What is home without a mother.

"Dearest mother, thou hast left us.
Here thy loss we deeply feel,
But 'tis God who hath bereft us,
He can all our sorrows heal."

Earth hath no sorrow Heaven can not heal.

L. O. Simmons ordered 10 hot-bed seeds to enlarge his hot-bed and expects to raise over 500,000 plants. He will sell so very cheaper than last year.

SOLDIER SHOWS HIMSELF

John Atkinson, one of the young men who went with the draft to Camp Lee returned on a furlough and was in the Levels for some days. At the time that he had said that he would return to camp, he secured a twenty-two calibre rifle and shot himself in the right breast and for a time it was supposed that he had committed suicide.

After waiting for the leaden pill to take effect for some days he decided to remain on this earth for awhile yet, and was seen on the streets of Marlinton yesterday, seemingly little worse for his terrible experience.

Atkinson is married but there is an estrangement between him and his wife.

Electric Ship Has Future.

The electric ship is no longer a dream but a reality and I should not be surprised to find, within a few years of the close of the war, every new vessel of any size driven, steered, stopped, reversed or turned, merely by the pressing of a series of buttons on the bridge, says a writer in the Electrical Times, London. The application of this principle will enable ships to be run with the highest efficiency at any given speed, permit marine engineers more liberty of design and yield proportionately greater cargo space than the present cumbersome form of machinery allows.

An Old Habit.

The recruit at beyond practice had just given the dummy a vicious jab, when the drill sergeant noticed that he was grimacing in a rather unusual manner.

"Number Four!" cried the sergeant; "what's the idea of all that 'mugging'?"

"Why," said the recruit, a former movie actor, "you want me to register hate or fury or something, don't you?"

FROM FOOD ADMINISTRATOR

Each miller shall distribute his output, not sold to the Government, so that each of his customers receives his fair share thereof. He shall seek no new customers. He shall sell no customer more than 70 percent of his purchases in the corresponding quarter of 1917. He must see that buyers buy one pound of substitutes for four pounds of flour, that dealers and consumers buy one pound of flour substitutes for every pound of flour purchased. Substitutes allowed are hominy, corn grits, corn meal, corn flour, edible corn starch, baking flour, rolled oats, oatmeal, rice, rice flour, buckwheat flour, potato flour, sweet potato flour, soybean flour, and featheria flour and meal. Purchaser may buy substitutes with flour or present bills showing that he has bought substitutes elsewhere. Same rules govern wholesalers of flour.

Retailer must distribute flour as equitably as possible among his regular customers. He should see that no one gets above 70 percent of his normal amount. In towns and cities not more than one-quarter barrel, in the country not more than one-half barrel to any one family. Consumers must buy one pound of substitutes for each pound of flour. However, farmers possessing substitutes may purchase flour without buying substitutes.

Any one violating these rules without written consent of the Food Administrator is subject to the penalty of the food laws.

Thirty per cent of the wheat has been taken by our Government to feed our army and to keep our allies from starving. We will have the remaining 70 per cent to live on until the next harvest. To secure a fair distribution these rules have been devised.

THE SALVATION ARMY

J. WOODS PRICE

Lieut. Josiah Woods Price, one of the oldest citizens of this county, died suddenly at his home in Marlinton, March 5, 1918, aged 62 years.

He was a son of the late James A. Price and Margaret Price, and was born at the place at which he died. At the breaking out of the war he was a student at Washington College, now Washington & Lee, a member of the graduating class, and winner of the Kappa Sigma medal. The commencement exercises were broken up by the war and fifty years after by the action of the board of visitors, he was awarded his degree and the medal that he had won.

He served all through the Civil War and was a commissioned officer in the service of the Confederacy. After the war he settled in Randolph county, where he married Miss Emma Crawford, of Beverly, who lived about one year after marriage.

He leaves surviving him as his nearest kin, Rev. Wm. T. Price, D. D., his brother, and Mrs. Mary McLaughlin, of Macmillan, a sister.

He had been in failing health for some time but seemed about as usual Tuesday morning. When the little grandchildren took him dinner to him about the middle of the day, they found him lying across the bed dead. The doctors diagnosed it as apoplexy.

He was buried beside his wife in the Price burying ground on Wednesday, dressed in his old Confederate uniform.

W. H. Arbaugh, who has been with the West Virginia Coal and Coke Co. the past six years, as bookkeeper and cashier, has resigned, and accepted a position with the Illinois Tannery Co., and has moved upon his father. The Gas Co. has lost a valued employee and the Tannery Co. has secured a number one man for their large plant which is increasing rapidly. We hope for him a rapid progression at his new work.—Elkins Intermountain.

We understand that the Randolph, Tucker and Barbours troops will go down the Greenbrier Friday evening. Our own band of 61 will increase the number to about 200.—They will go to Camp Greenleaf, Lotts, Co., to stay at Lexington, Ky.

CASS

Miss Maud Drickwater, of Charleston, Va., is visiting her sister, Mrs. E. D. Hall.

That all the brave boys and men of our country are set at the front, in the trenches, or training camps was evidenced by the war our men fought, he stated the fire that destroyed the main building of the Froehner Supply Company on Monday afternoon of last week. By heroic effort they succeeded in extinguishing the flames before they broke through the walls, thus saving the most modern building and the larger ware rooms, not, however, before great damage and total loss of a large amount of goods. Many of the men deserve special mention for their efficient, persistent efforts to save the building and stop the spread of the fire, although the risk to life and limb was great. There were no accidents, only the inconvenience of a thorough wetting with the cold water.

The Froehner Supply Co. has opened up a grocery store in the I. O. O. F. building, the postoffice and the Company's office is comfortably located in the front room of the Masonic Temple. The Red Cross work room was moved into the Masonic Lodge room. Let the Red Cross members note this change, and come and help make bags for the soldier boys. The call is for a large number of bags before March 24.

Manager E. S. Hoffman was called home from the east where he had gone to buy goods, on account of the flu.

Miss Sadie Craig, of Roanoke, Va., was visiting Miss Lena McGraw at the home of Mrs. J. C. Green during the past week.

Leonard Cutlip and Kemp L. Carter, two of our young men who were recently assigned to Camp Oglethorpe, Georgia, have been transferred to Holabon, New Jersey.

Mrs. W. A. Miller, who has been spending some time with her husband, Dr. W. A. Miller, at the Mountain Inn, has returned to her home at Adairton.

H. E. Sturtevant, vice merchant tailor, representing the Lanes Co. of Cincinnati, was in town last week showing a fine line of goods and taking orders from his many patrons.

SOLDIERS TO GO

The next call for soldiers is for 10 men from Portsmouth, to arrive, the week of April 15, for Camp Meade, Maryland. The call is for men who must, and throughout of whom shall come from West Virginia.

DIED

Mrs. MARY PALMER

Mrs. Mary Palmer died at her home in Marlinton last Saturday evening April 10th, 1914, at 4:30 o'clock after a lingering illness of three years of some of her children and others. She was a member of the Methodist Church, and was always ready to lend a helping hand where there was need. She was born April 1, 1844, at Cardington, Meigs county, Virginia, and was married there. She was part of an old Virginian family.

She was a Miss Jackson and was united in marriage to Henry Palmer, late of Floyd county, an Ex-soldier of our army. She resided peacefully in the town July 20, 1917. Two sons and two daughters and 14 grandchildren survive her. (J. W. and J. A. Palmer, Mrs. H. A. Jackson, Mrs. C. A. High, Mrs. J. L. Buchanan, Mrs. M. E. McHenry, and Miss Elizabeth Jones. All of her children live in Marlinton except Mrs. Buchanan who lives in Toledo, Ohio, and was unable to be with her mother at the end.

Deceased moved from Virginia to Marlinton county, W. Va. some twenty four years ago where the family made their home until about twelve years ago they moved to Marlinton and have since lived there.

The funeral service was conducted by Rev. J. M. Walker, after which she was laid to rest in Marlinton View Cemetery.

Dearest mother thou hast left us,
Where the love we deeply feel,
But the God that hath sent us,
He can all our sorrows heal.

FACE OF WARREN

Face of Warren died at the home of his father, "Boss" Warren, on Saturday, March, April 11, 1914 aged 21 years and six days. He had just recently been brought home from Camp Lee, afflicted with a virus, from which disease. He was an excellent young energetic man, a member of the M. E. Church, South, and during his brief life he accomplished many things.

In the absence of his father, the funeral services were conducted by Rev. J. O. Jackson, and the casket laid away in the Marlinton graveyard. This is the first death in Pennsylvania county's history of the death. The sympathy of many friends are with the afflicted family.

The people who left home for Warren, Pennsylvania, report that they are all home safe, which shows there is no place like Marlinton.

Married, April 10, 1913, by Rev. H. E. Harvey, Harry Elmer and Mary Terry.

NEXT SOLDIERS TO GO

The Local board has just completed its selection of the first group who will be forwarded to Camp Meade, Maryland, on Monday, April 15th. From the following list the 100 men will be selected in order of rank:

Harmon E. Colford, Francis Warren, Joe Collins, Kenneth A. Colford, W. P. Firth, Roy Williams, Stuart E. Shaw, Ray T. Firth, James Allen, Donald H. Goodell, Bruce Wren, John J. Lyons, Arthur R. Grogg, Herbert White, Simpson E. Brown, Ray Williams, Clyde R. Bennett.

In meeting the names of the 100 men for the first call the board was again directed by the Adjutant General to pass over the names of those who are actively engaged in agricultural work. In carrying this direction the board passed over the following names: Everett White, Fred Williams, William J. Jordan and John H. Dean. It is very hard to suggest to the board that those in agriculture are getting along in agriculture, and are not giving their whole time and attention to plowing or harvesting of a crop. But will be conclusively indicated that all have received the forwarding to Camp Meade.

Admiral Earl J. E. Smith, board for even to be selected during the temporary period beginning May 15. This country's work will be all right, and they will be sent to Fort Monmouth, Kentucky. The board has not yet indicated the names of those who will make up the list.

Dr. Geo. F. Hall, Chairman.

E. Wray All, who has been land surveyor for the Range Land Company at Deer Creek the past twelve years, has received the appointment of land surveyor and millwright engineer. The Government, through the United States, United States, United States, reports to all from New York, Monday, April 15th. Mrs. E. Wray All, with her parents, Dr. and Mrs. J. H. Springs, at Orlando, before she goes to Florida.

From the Daily Transcript, of Pittsburg, Oklahoma, we learn of the destruction of five of the large farms of the O. L. Smith, at the ranch near that place. These lands of 10,000 and more acres, with some of the best property were destroyed. The loss is estimated at \$10,000 worth. The loss was a considerable one, and it is thought to have been the worst of independent farmers of the South or some part of Oklahoma. The Smith's many friends in Oklahoma will regret to hear of this heavy loss.

Albert, Westlake, of Camp Lee, is listed for a short period with his parents, Dr. and Mrs. Wm. H. Westlake.

Auntie's farm reports a most successful sale of T. A. Westlake's or a personal property, Tuesday.

All soldiers registered should pay close attention to the order of Provost Marshall General of May 22nd that all idlers and persons not in a useful occupation after July 1, 1918, will be inducted into the military service of the United States.

Any persons so found after that date will be summoned before the Local Board of the county in which he is found. If he cannot give a satisfactory explanation, the board will immediately induct him into service.

The new regulations affects:

Idlers.

Bartenders and hotel waiters.

Attendants working in and caring for large buildings.

Persons engaged in sports or games or domestic service.

Such persons if they are registered in either Class I, II, III, or IV, are liable for immediate military service.

MISSING IN ACTION

Among the notables visiting the county during the last week were Judge A. N. Campbell, Thomas A. Edison, Henry Ford, John Burroughs, and others.

AT EILM.

Exodus 15: 27.

By Anna L. Price.

How cool the shade at Eilm's palm,
That tall majestic tree,
Amid the desert's burning sand,
Far from the wind-swept sea.

The oil-scented wells and fronded palms
Bespeak our Father's care,
And like the Israelites we've learned,
That God is everywhere.

Oases dot Sahara's plain,
As islands dot the sea,
And the pilgrim's heart is gladdened
By sight of any tree.

Beware lest proud fancy paint
Far off a lovely view,
Of living wells and green palm trees,
As if beckoning unto you.

It is called the desert mirage,
That travelers sometimes see,
A picture fair and beautiful,
But not reality.

At Eilm, verily, twelve wells
And seventy palm trees stood,
To cheer the poor old Israelites,
In the desert's solitude.

Miss S. E. Bell and son Clinton have bought a farm near Chatham, Ohio. The advertisement of this sale of their personal property on the 10th appears in this paper.

Again we call attention to the fact that the horse mentioned for next Tuesday need not appear, as there will be no payment. This jury case was continued on account of the busy season and the scarcity of labor.

It had given me a few lines from the place, but you will find again in your valuable paper the number of these camps is very small. (They are building here to the highest night and day. During the past year the effort is being made to raise the sum of fifteen million dollars for the relief of millions of destitute and starving Jews in the war zone. Campaigns have been made in various States and cities and the money is being raised. In Washington the campaign will be held on October 20, 21 and 22. Governor Clegg has issued a proclamation, endorsing the movement and calling upon the people to give as liberally as they can. President Wilson has also endorsed the effort.

Thirteen million people are starving in the war ridden zone of Europe. They are the helpless victims of the German tanks, gas, women and children, perished in prisons, and unfortunate refugees. Twelve millions in civilized states and devastated provinces. And between us and them is a second ocean, and we are locked in battle.

Suffering humanity, wherever found, appeals to our sympathy, but the suffering Jew should have an especially strong hold upon us. For from that race has come all for which our armies are fighting to relate and secure for coming generations. Our civilization is from their mother the Hebrews. Our laws are patterned upon the laws of Moses. Their Jehovah is our God. Their Book is our Bible and through them and from them came Christ Our Savior.

Protestantism itself has been organized, and Simon Schuster made chairman. Read the following from a 400,000,000 of the suffering in Poland, and prepare to do what you can to relieve this situation.

"Dr. Goldmann of Warsaw, tells me upon the authority of his medical profession that in his clinic during the past year there has not been a Jewish child up to four years of age who could walk. Some of the children have forgotten, have understood how to walk. They have learned arithmetic from their mothers, but being fed once a day with white potato soup and this kind of bread."

Hydrogen is very active reducing metal and alloys of powdered metal. It should be removed from point use and the temperature of gases, for the decomposition was observed previously by the authors, even when the hydrogen is removed.

The national committee and Executive will choose a judge at the meeting, after, and it helps to get together at the committee meeting at the beginning. So far as we have concerned the result is important. The state may still be elected to the position as national for a judge of law. It is for a long time, and it is a long time, and it is a long time.

They often contain ideas and results which are still in progress, and the author will have to explain again the state of the subject, sometimes because the author is not familiar with the literature, or because of possible influences of his own ideas on the subject.

HIGH SCHOOL LYCEUM

The lyceum course conducted by the Edroy District High School this winter consists of three attractions. The first, which appears December 5th, is Noah Bellharr, an impersonator, who has entertained audiences in every state of the Union and every province of Canada during the past eighteen years, and who has yet to fail to delight his listeners. Mr. Bellharr makes up on the platform—a fact that adds much to the interest of the entertainment.

The second event is a lecture by Mr. Henry A. Adrian. The Luther Burbank Man, who has been on the Chautauque and Lyceum platforms for the past five seasons. Mr. Adrian is an intimate friend of Luther Burbank and a gifted speaker. By the use of vivid descriptions and specimens direct from the Burbank gardens he will give you a clear mental picture of the wonderful work of this wizard of the plant world.

The last attraction is the Cordova Concert Company which has been pleasing audiences everywhere with its program of instrumental and vocal music and dramatic readings. This company is a small orchestra—violin, 'cello, flute, and piano—and each player is a soloist. It is organized and coached by the famous director, Elias Dug.

The price of single admission tickets to each of these events will be 50 cents for school children and 75 cents for adults. Season tickets will be sold at \$1.00 for school children, and \$1.50 for adults. No reserved seats. Buy season tickets from the pupils and save 50 or 75 cents.

KILLED IN BATTLE

The names of two Pocahontas soldiers appear in the casualty list—Ward Houchin, killed in action, and Herbert Acord, died of wounds.

Young Houchin is the son of Mr. and Mrs. Thomas Houchin, of Hosterman, and a grandson of Mrs. Eveline Johnson, of Marlinton. Another grandson of Mrs. Johnson, Dewey Leffel, was killed about the same time.

Young Acord is one of the four sons of Mr. and Mrs. E. C. Acord, of Danmore, in the service.

IN MEMORIAM

By Anna L. Price

Lieutenant John Scott, aged 21,
of Lonsburg, N. C., died of pneumonia,
October, 1918, on battle ship
Penn. C. S. N. He was a Christian
as well as patriot and is greatly
mourned.

Smaller than in the "boy of youth,"

Duties done in the service early,

And gave us the "Liberty

Heaven's our beloved flag. —

We to salute thee, early on,

Thou wert so young a life.

And if in time some should forget,

Who only knew the truth and love,

The mother never will forget

Who wore thee, watched thy infancy,

Who helped to make thy short time,

And kept beside thy bed

Proud mother try thy tears, cease,

God will repay thee for this loss,

And thou shalt meet thy boy again,

Heaven is wide and there's a sea,

"Like unto glass," before the throne,

Where comes no battle ship of earth,

No war, nor sickness unto death,

But love, thy peace, health, fellow-

ship.

And glory to the Highest.

BILLBOARD SCHOOL NOTES

The enrollment of the school increased some after the statement of the Indians. We now have 102 in grades, 14 in junior high and 37 in high school, making a total of 153. This enrollment has been surpassed by only five pupils in the history of the school, and is an increase of 19 over last year. The boys and girls seem to be responding to the call of their country very well, even in the face of great difficulties. The greatest call of our country to any individual is to educate himself. There are others in the district who should heed this call and enter school.

The second number of our (Roman) course closes the 20 of December. Don't fail to come and hear the lectures on the war by one who knows the realities of war, having lost his leg at Vimy Ridge. Season tickets will be on sale at A. C. Billwell's store. Remember there are three good numbers yet. Those who failed to get the first number should certainly try to obtain these numbers. Season tickets, now are \$5.00 and \$1.00 for general public; \$1.00 and 75 cents for students. Get your tickets at A. C. Billwell's before they are all gone.

We are now giving vocational agriculture and farm carpentry under the Smith, Hughes appropriation. An effort is being made to make the teaching in agriculture and the conditions in the community. The class has made some very interesting visits to some of the nearby farms and studied the conditions as they exist.

The physical geography class visited the caves on the county farm last week and found many things of interest there.

Mrs. Sathoe and her normal class visited the school at Martin Chapel last week for the purpose of observing the work in its real aspect.

Rev. W. D. Kye conducted chapel for us Monday morning. His study is very interesting and instructive tale.

Barthol M. Hare.

IN MEMORY OF A NEIGHBOR

Resolutions adopted by Pochontas Camp No. 3022 R. N. of A. in memory of Neighbor Bertie Cochran Sharp whose sad death occurred November 5, 1914, of pneumonia following influenza.

During the epidemic of influenza which raged in Marlinton, Mrs. Sharp being a skilled nurse, worked faithfully at the bedside of the sick and suffering until she herself fell a victim to the dread disease.

Whereas, God in His infinite wisdom has seen fit to take from our society this kind and faithful Neighbor, we as a Lodge mourn her death as a great loss to our society, she having been a generous worker, ever ready to lend a helping hand when needed or called upon.

Resolved, first, That our society feels that it has lost one of its most efficient members, whose sweet presence will be sadly missed.

Second, That we meekly bow to this dispensation of God's providence, knowing that he doeth all things well. We express our deepest sympathy to the bereaved husband; to her mother, and her many other friends in this deep sorrow, and pray that God will comfort each and every one.

A precious one from us is gone.

A voice we loved is stilled.

A place is vacant in our Lodge,
Which never can be filled.

Third, That a copy of these resolutions be spread on the minutes of this Camp, a copy sent to the bereaved husband and a copy sent to each of the Marlinton papers for publication.

The first of these is the fact that the
 government has been unable to raise the
 necessary funds to meet its obligations.
 This is due to a combination of factors,
 including a decline in foreign aid and
 a reduction in domestic savings. The
 government has also been unable to
 attract foreign investment, which has
 led to a further decline in its foreign
 reserves. This has forced the government
 to resort to borrowing from the
 international community, which has
 resulted in a large increase in its
 external debt.

The Bureau of Economic Analysis
 has reported that the U.S. economy
 is in a recession, a contraction in
 the gross domestic product (GDP)
 for the third consecutive quarter.
 The last time the economy was
 in a recession was from 1980 to
 1982, when it was in a recession
 for 16 consecutive quarters.

the 1990s, the number of people in the United States who are obese has increased by 50 percent. In 1990, 15 percent of the population was obese, but by 2000, that number had risen to 23 percent. And the numbers are projected to continue to rise. By 2010, 30 percent of the population is expected to be obese, and by 2020, that number is projected to reach 35 percent. The increase in obesity is not limited to the United States. In many other countries, the prevalence of obesity has also increased in recent years. For example, in the United Kingdom, the prevalence of obesity increased from 10 percent in 1980 to 20 percent in 2000. In France, the prevalence of obesity increased from 5 percent in 1980 to 15 percent in 2000. In Japan, the prevalence of obesity increased from 2 percent in 1980 to 10 percent in 2000. The increase in obesity is a global phenomenon, and it is a major public health concern.

The following are the names of the people who were involved in the investigation of the case. The names are listed in alphabetical order.

1. The first step is to identify the problem. In this case, the problem is that the company is not meeting its sales targets.

The first part of the book is devoted to a
 detailed study of the various forms of
 the word "God" in the Bible. The
 author shows how the word is used
 in different contexts, and how its
 meaning has changed over time.
 This is followed by a chapter on the
 history of the word "God" in
 English, and a final chapter on the
 word "God" in other languages.

IN THE HISTORY OF THE WORLD

There have been many things in the world that have been small, but none so small as the little things that are so often overlooked. These little things are the things that make the world what it is, and they are the things that we should all be proud of. They are the things that we should all be proud of, and they are the things that we should all be proud of.

■ **Share equity.** The small, illiquid business is often the only asset of the owner. If the owner dies, the business will be sold to pay the estate taxes. To avoid this, the owner can transfer shares of the business to a trust or to a family member. This can be done by gifting shares or by selling shares to the trust or family member. The transfer should be done before the owner's death to avoid estate taxes.

There is no one doing anything special about it," says a spokesman for the FBI. "It's just a normal investigation." But the FBI is not alone in its investigation. The Justice Dept. is also looking into the matter, and the FBI is working with the Justice Dept. to determine if there is any connection between the two cases. In Washington's Time

The following information was received from the Washington Post on the morning of the 10th of the month.

The man with money knows in order to make **Bank.**

For many years before the war, interest in the Bank of England was confined to the small group of men who were its members.

But now, owing to the importance of banking in the world, the Bank has become a subject of interest to all who are interested in the world's affairs.

For many years before the war, the Bank of England was the only bank in the world which was not a member of the Bank of England.

Sick Watch?

It's a sure sign of trouble if your watch is slow, fast, or stops. It may be a sign of a broken spring, a loose screw, or a worn dial. But it could also be a sign of a broken watch. If you're not sure, take it to a watchmaker. He'll check it out for you. And if it's broken, he'll fix it. If it's not, he'll tell you. And if it's a good watch, he'll tell you that too. So, if you're not sure, take it to a watchmaker. He'll check it out for you. And if it's broken, he'll fix it. If it's not, he'll tell you. And if it's a good watch, he'll tell you that too.

LEADERSHIP
 BY THE WAY OF THE FUTURE

There is a great deal of talk about leadership in the future. It is a subject which has been discussed for many years, but it is only now that it is being taken up by the public. The reason for this is that the world is changing so rapidly that the old methods of doing things are no longer applicable. The new methods require a new kind of leadership, one that is able to guide the people through the changes and to make the most of the opportunities that are presented.

The first thing that is needed is a clear vision of the future. This vision must be based on a sound knowledge of the present and a realistic assessment of the forces that are at work in the world. It must be a vision that is both inspiring and practical, one that gives the people a sense of purpose and direction.

Once the vision is clear, the next step is to develop a plan of action. This plan must be based on the vision and must be designed to achieve the goals that are set out in it. It must be a plan that is both flexible and adaptable, one that can be changed as the situation changes.

The final step is to put the plan into action. This is the most difficult part of the process, for it requires the cooperation and effort of all those who are involved. It requires a strong sense of responsibility and a willingness to take risks.

Leadership is not a job, it is a way of life. It is a way of thinking and acting that is based on the principles of service and sacrifice. It is a way of life that is essential for the progress of the world.

A Personal Word From The Management

When any word like "it" is heard that suggests to be out of the most beautiful and powerful, to the Gladiola public. Therefore it is to be what is claimed by it by the producers—their picture of the best magazine.

The dogs were not particularly interested in the carrots and some barks and whines indicated that they would not agree and no dog even took the smallest bite, together in the company of the Hungarian Hound. The next day they took up the strands of the sensitive signs and showed the Hungarian hound is a resident of each owner.

The 100,000 people who were killed in the 1970s were the victims of a war that was fought for the sake of a few dollars. The war was fought for the sake of a few dollars, and the people who were killed were the victims of a war that was fought for the sake of a few dollars.

the 1990s, the industry has been hit hard by a combination of factors, including a decline in demand for its products, a shift in consumer preferences, and a lack of innovation. The industry has been struggling to adapt to these changes, and many companies have been forced to close their doors or restructure. The industry's decline has been particularly acute in the United States, where it has lost a significant portion of its market share to foreign competitors. The industry's future is uncertain, and it will likely continue to face challenges in the years ahead.

These are the most common types of *Staphylococcus aureus* infections. They are caused by bacteria that are found in the nose and on the skin of most people. The bacteria can enter the body through a wound or a break in the skin. They can also enter the body through a catheter or a medical device. The bacteria can then multiply and cause an infection. The infection can be treated with antibiotics. If the infection is not treated, it can spread to other parts of the body and become more serious.

RESEARCH—The authors of the study, which was published in the *Journal of the American Medical Association*, found that the use of the drug was associated with a 10% increase in the risk of death. The study was based on data from the National Health and Medical Research Council's Australian Diabetes, Obesity and Lifestyle Study (AusDiab), which is a longitudinal study of 11,547 people aged 45 and over. The study found that the use of the drug was associated with a 10% increase in the risk of death, regardless of whether the person was taking the drug for a long time or a short time. The study also found that the risk of death was higher for people who were taking the drug for a long time than for people who were taking the drug for a short time. The study was funded by the National Health and Medical Research Council.

the 1990s, the industry has been hit hard by a combination of factors. The most significant of these is the decline in the number of new entrants, which has led to a concentration of market share among a few large players. This has resulted in a more competitive environment, with firms vying for market share through price cuts and increased marketing efforts. Another major factor is the increasing pressure from consumers for higher quality and more innovative products. This has led to a focus on research and development, with firms investing heavily in new technologies and product lines. Finally, the industry has also been affected by changes in government regulations, particularly in the area of safety and environmental protection. These changes have increased the cost of production and have led to a shift in the industry's focus towards more sustainable and safer products.

These conditions and licensing can be met by finding ways to make the most of the existing infrastructure. The following are some of the options:

- **Efficient.** The use of existing infrastructure can be more efficient than building new infrastructure. For example, using existing roads for a new transit system can be more efficient than building a new road.
- **Cost-effective.** Using existing infrastructure can be more cost-effective than building new infrastructure. For example, using existing roads for a new transit system can be more cost-effective than building a new road.
- **Environmentally friendly.** Using existing infrastructure can be more environmentally friendly than building new infrastructure. For example, using existing roads for a new transit system can be more environmentally friendly than building a new road.

By using existing infrastructure, cities can meet the challenges of the future in a more efficient, cost-effective, and environmentally friendly way.

WILLIAMS-SIMPSON (1959) estimated the probability of observing a species in a sample of size n from a community of size S as:

$$f = \frac{n}{S} \left(1 - \frac{n-1}{S-1} \right)^{S-1}$$

where f is the probability of observing a species in a sample of size n from a community of size S .

THE LAST DAY

THE LAST DAY OF THE YEAR is here, and with it the closing of the old year and the opening of the new. It is a time of reflection and of hope, a time when we look back upon the past and forward to the future.

As we stand on the threshold of the new year, we are reminded of the many things that have happened during the past year. We think of the joys and sorrows, the triumphs and the failures, the successes and the disappointments.

We are also reminded of the many things that we have accomplished. We think of the good deeds that we have done, the kind words that we have spoken, the lives that we have touched.

But we are not only reminded of the past, we are also reminded of the future. We think of the things that we hope to do in the new year, the goals that we wish to reach, the dreams that we wish to realize.

We are reminded of the many things that we have learned, the many things that we have grown, the many things that we have become. We are reminded of the many things that we have achieved, the many things that we have accomplished.

We are reminded of the many things that we have done, the many things that we have said, the many things that we have thought. We are reminded of the many things that we have felt, the many things that we have seen, the many things that we have heard.

We are reminded of the many things that we have loved, the many things that we have hated, the many things that we have feared. We are reminded of the many things that we have hoped, the many things that we have dreamed, the many things that we have wished.

We are reminded of the many things that we have done, the many things that we have said, the many things that we have thought. We are reminded of the many things that we have felt, the many things that we have seen, the many things that we have heard.

RESEARCH

For the past several years, the U.S. Environmental Protection Agency (EPA) has been conducting a series of studies to determine the health effects of exposure to low-level concentrations of radon gas. The results of these studies have been controversial, with some researchers claiming that even low levels of radon exposure can increase the risk of lung cancer, while others claim that the risk is negligible. The EPA's latest study, published in the journal *Environmental Health Perspectives*, found that exposure to radon gas at levels as low as 1.5 working level months (WLM) can increase the risk of lung cancer by 16%. This finding is significant because it suggests that even low-level radon exposure can be harmful, and that radon testing and mitigation are important for protecting public health.

The study was conducted by a team of researchers from the EPA's National Center for Environmental Health Studies (NCEHS) and the University of Maryland. It involved a review of data from a large number of studies, including the famous miner studies, which found that miners who worked in areas with high levels of radon gas had a significantly higher risk of lung cancer. The researchers also conducted a series of experiments to determine the health effects of low-level radon exposure in animals, and found that even low levels of exposure can cause lung damage and increase the risk of cancer.

Based on the results of these studies, the EPA has updated its guidelines for radon exposure. It now recommends that radon levels in homes be kept below 4 pCi/L, and that radon testing and mitigation be performed if levels are found to be higher. The EPA also encourages radon testing in schools and workplaces, and has provided funding for radon testing and mitigation programs in low-income households.

The EPA's latest study is a landmark finding in the field of radon research, and it highlights the importance of radon testing and mitigation for protecting public health. It also underscores the need for continued research in this area, as more information is needed to fully understand the health effects of low-level radon exposure.

THE 100th Anniversary of the American Revolution is being celebrated in many ways. One of the ways is by publishing a special issue of the *Journal of American Studies* devoted to the subject. This issue, which is the first of a series, is edited by the late Professor J. Morgan Kousser. It contains a collection of essays by leading American historians, including Eric Foner, David Mervin, and others. The essays are devoted to the subject of the American Revolution and its impact on the United States. The issue is a valuable contribution to the study of American history and the American Revolution.

Abstract The purpose of this study was to determine the effect of a 12-week, low-intensity, supervised walking program on the physical and psychological health of sedentary, middle-aged women. The study was conducted in a community-based setting. The participants were 20 women, aged 40 to 60 years, who were sedentary and had no history of cardiovascular disease. They were randomly assigned to either a walking program or a control group. The walking program consisted of walking for 30 minutes, three times a week, at a pace of 3.0 to 3.5 miles per hour. The control group was instructed to continue with their usual sedentary lifestyle. The study was conducted over a 12-week period. The physical health outcomes measured were heart rate, blood pressure, and body mass index (BMI). The psychological health outcomes measured were self-reported stress, anxiety, and depression. The results of the study showed that the walking program had a significant positive effect on the physical and psychological health of the participants. The walking program group had significantly lower heart rates, blood pressures, and BMIs compared to the control group. Additionally, the walking program group reported significantly lower levels of stress, anxiety, and depression compared to the control group. The findings of this study suggest that a 12-week, low-intensity, supervised walking program can have a positive effect on the physical and psychological health of sedentary, middle-aged women.

Figure 1 is a line graph illustrating the percentage of the total sample for various age groups across different years. The y-axis represents the percentage of the total sample, ranging from 0 to 100. The x-axis represents the years from 1980 to 2000. The graph shows a general trend of decreasing percentages for younger age groups and increasing percentages for older age groups over time.

Polymers of 2,2,4,4-tetrafluorobenzophenone and 2,2,4,4-tetrafluorobenzophenone oxime were prepared by anionic polymerization. The polymers were characterized by gel permeation chromatography, infrared spectroscopy, and elemental analysis. The polymers were found to be soluble in a variety of solvents and to exhibit good thermal stability.

THE LOST OF MY FIDELITY

By Thomas H. Hines, a member of the American Legion, 101st Street, New York City.

THE LOST OF MY FIDELITY is a story of a man who has lost his faith in the American Legion. It is a story of a man who has been a member of the American Legion for many years, and who has seen the organization grow from a small group of men to a large and powerful organization. But now, he has lost his faith in the American Legion, and he is looking for a new organization to join.

The story is told in a simple, straightforward manner, and it is a story that every man who has been a member of the American Legion should read. It is a story that will make you think about the American Legion and about the men who are in it.

THE LOST OF MY FIDELITY

By Thomas H. Hines, a member of the American Legion, 101st Street, New York City.

THE LOST OF MY FIDELITY is a story of a man who has lost his faith in the American Legion. It is a story of a man who has been a member of the American Legion for many years, and who has seen the organization grow from a small group of men to a large and powerful organization. But now, he has lost his faith in the American Legion, and he is looking for a new organization to join.

The story is told in a simple, straightforward manner, and it is a story that every man who has been a member of the American Legion should read. It is a story that will make you think about the American Legion and about the men who are in it.

"The more freedom the people have, the more they will demand," says the author. "The more they demand, the more they will get." This is a simple but powerful statement that can be applied to many areas of life.

There are a number of reasons why the results of the study may not be generalizable to other populations. First, the study was conducted in a single institution, which may have influenced the results. Second, the study was conducted in a single country, which may have influenced the results. Third, the study was conducted in a single time period, which may have influenced the results. Fourth, the study was conducted in a single population, which may have influenced the results. Fifth, the study was conducted in a single setting, which may have influenced the results. Sixth, the study was conducted in a single context, which may have influenced the results. Seventh, the study was conducted in a single environment, which may have influenced the results. Eighth, the study was conducted in a single culture, which may have influenced the results. Ninth, the study was conducted in a single society, which may have influenced the results. Tenth, the study was conducted in a single world, which may have influenced the results.

Our Dollars Are Called To The Colors THE THIRD LIBERTY LOAN

That nation of yours that wishes to change that old flag needs capital. Money is the strength of a nation, and the United States needs it. The Third Liberty Loan is the answer. It is the only way to raise the money that will help us to win the war and to build a better world.

The United States is to show the world that America, in defiance of those, regardless how close, for her only and for the cause of "that" shall be no other ally and enemy than the American people. It is the United States that is the only ally and enemy that the world has ever known.

When the day comes that the United States is no longer a nation, but a world, the United States will be the only nation that will be left standing.

1. The first step is to identify the problem. This involves understanding the symptoms and the context in which they are occurring.

"This is a big contract and I'm excited to be involved," says John Smith, president of the company. "We're looking forward to working with the city on this project."

It is a common mistake to think that the only way to avoid the problems of the first two methods is to use a third method, the "method of least squares." This method is based on the assumption that the data points are normally distributed around a straight line. If this assumption is not valid, the method of least squares will give a biased estimate of the slope of the line. The method of least squares is only valid if the data points are normally distributed around a straight line.

IN SENATE,
January 11, 1906.

These authors' paper seems to be the first serious attempt to estimate the effect of the 1990s on the growth rate of the economy. The authors' results are that the growth rate of the economy was 1.5% higher in the 1990s than in the 1980s. This is a significant result, but it is not clear how much of this increase is due to the 1990s and how much is due to other factors. The authors' paper is a good starting point for further research, but it needs to be replicated and extended.

A Great War Lesson

When our Government called for donations to the Patriotic Liberty Loan, were you prepared to help?

Did you see the principle of that big loan provided by the American people with spirit and enthusiasm?

Has our victory over Germany by land and sea made it less difficult for you to help?

Don't let this year pass away like the previous years, the year will come.

There is one more factor that may be important in explaining these contradictory findings. It is possible that the two studies differed in the way that the subjects were selected. In the first study, the subjects were selected from a random sample of the population, while in the second study, the subjects were selected from a convenience sample. This difference in selection method may have led to the different results.

the 1990s, the number of people in the United States who are obese has increased by 50 percent. In 1990, 15 percent of the population was obese, but by 2000, that number had risen to 23 percent. In 2008, the number of obese people in the United States was estimated to be 33 percent. The increase in obesity is a major public health concern because it is a leading cause of heart disease, diabetes, and other chronic diseases. The Centers for Disease Control and Prevention (CDC) estimates that obesity costs the United States \$147 billion each year in medical costs and lost productivity. The CDC also estimates that obesity is responsible for 280,000 deaths each year in the United States. The increase in obesity is a result of many factors, including changes in diet and lifestyle. In the 1990s, the average American diet became more calorie-dense, with an increase in the consumption of fast food and sugary drinks. At the same time, the average American became more sedentary, with less time spent walking or exercising. These changes in diet and lifestyle have led to an increase in the number of people who are obese. The CDC estimates that if current trends continue, the number of obese people in the United States will reach 42 percent by 2018. This is a serious public health problem that needs to be addressed. The CDC has launched a campaign to reduce obesity, called "Let's Move!", which aims to get more children and adults moving and eating healthier. The campaign includes a variety of initiatives, such as promoting physical activity in schools and workplaces, and encouraging healthier eating habits. The CDC also provides resources for individuals and communities to help them make healthier choices. If we can take steps to reduce obesity, we can improve the health of the United States and reduce the burden of chronic diseases.

It is important to note, however, that the results of this study are not generalizable to all populations. The study was conducted in a specific population, and the results may not apply to other populations. Therefore, the results of this study should be interpreted with caution.

the 1980s, the industry has been hit hard by a combination of factors. The most significant of these is the decline in the number of new entrants, which has led to a concentration of market share among a few large firms. This has resulted in a less competitive environment, with higher prices and lower quality of service. Another major factor is the increasing cost of raw materials, which has put pressure on profit margins. Finally, the industry has been affected by a general decline in the economy, which has led to a reduction in demand for its products. Despite these challenges, the industry remains an important part of the economy, and its future prospects are still uncertain.
